## SICCE CO<sub>2</sub> Life: The Safest and Easiest System On the Market!

**CO<sub>2</sub> Life** continuously releases CO<sub>2</sub> slowly and consistently into the water without the necessity of constantly monitoring pH and re-adjusting CO<sub>2</sub> levels. The unique design of the **CO<sub>2</sub> Life** prevents over production of CO<sub>2</sub>, which could damage an aquarium ecosystem. CO<sub>2</sub> Life is easy, fast, and safe.

**CO<sub>2</sub> Life** is a patented carbon dioxide delivery system which does not require any bottles or other external equipment. It works using a carbon cartridge which ensures a continual and consistent release of carbon dioxide by electrolysis. **CO<sub>2</sub> Life** does not create sudden pH changes to the aquarium.

Advantages over other CO<sub>2</sub> systems available on the market:

- **CO<sub>2</sub> Life** is a Complete System - All In One Unit
- Easy and quick to install and use
- Constant reliable release of CO<sub>2</sub>
- Adjustable release
- Major components are engineered to maximize CO<sub>2</sub> output
- 3-4 month supply of carbon then you just replace the cartridge
- The **CO<sub>2</sub> Life** carbon media is the purist, highest quality available on the market.
- The design is compact and efficient

**CO<sub>2</sub> Life**

**CO<sub>2</sub> Life is the secret to a thriving planted aquarium**

**Patented**

**PROPRIETARY CARTRIDGE CAN BE REPLACED IN 2 MINUTES!**

**Available at your local dealer**

Available in 2 models:

RCOC01U CO<sub>2</sub> Life 1 up to 40gal

RCOC02U CO<sub>2</sub> Life 2 up to 75gal

SKT0097 Life 1 Carbon Cartridge Refill 1pc

SKT0099 Life 2 Carbon Cartridge Refill 1pc
